DETAILED ACTION

1. The application filed 9/2/03 has been examined. The preliminary amendment filed 9/2/03 has been entered and claims 1-16 are pending.
2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
3. Claims 1-12 are objected to because of the following informalities:
 - A. As per claim 1, at line 11 the claim is unclear which "displacement-corrected value" is being referred to (see lines 5 and 9).
 - B. As per claims 6-8, note comments above for claim 1.
 - C. As per claim 7, the last line of the claim is confusing as written.
 - D. As per claim 9, "the compensation coefficient" lacks antecedence. See claims 7 or 8.
 - E. As per claim 11, add a period to the end of the claim.
4. Claims 1-16 are distinguishable over the prior art. As per claims 1, 13 and 15, the prior art of record does not show or reasonably suggest, in combination with the other claimed subject matter, a method for correcting position error which includes calculating variation of correction angle out of a map matching result and correcting a displacement-corrected value using the correction angle. As per claim 16, the prior art of record does not show or reasonably suggest, in combination with the other claimed subject matter, a method for correcting position error in which a spot between interpolation points on extracted candidate links is selected and selecting a candidate link including the spot with the highest probability of

having a moving object and performing map matching as claimed. Dependent claims 2-9 and 14 are distinguishable for at least the same reasons.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited documents are of general interest.

6. This application is in condition for allowance except for the following formal matters:

The informalities noted above for claims 1-12.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
